Letter No 345 d the 9th January 1903 from the President of the Municipalities, Hassan District, reporting on the petition of Sardar Malje and other merchants of Saklespur complaining of delay and inconvenience caused by the municipal authorities in levying Octroi dues on cloths.

Note.

In Petition Registered No 3166 / 2174 of the 20th May 1902, Sardar Malje and other merchants of Saklespur represented

(i) that, owing to the want of a separate establishment, the municipal authorities cause great delay in recovering Octroi on cloths brought by them for sale in the town,

(ii) that goods are sometimes left in the verandah of the Taluk Office from 10 to 20 days, and that, during the raining season, the goods thus left are spoiled by rains owing to the verandah being leaky, and

(iii) that in levying Octroi the discount allowed by the merchants on the goods purchased is not

the President for report, who in
reply states in the letter under re

(i) that only one hand on Rs 10/

octroi Mukaddi and Cattle -
pound Keeper, that the combina
tion of duties is inconvenient and
that he would take early steps
to separate the two functions;

(ii) that the delay in passing the
piece goods is due to the delay
on the part of the merchants
in producing the pieces bales,
and that, consequently, they
have to pay demurrage, and that

that the period of detention is exaggerated, though possibly a delay of 15 to 20 days might occur in rare instances owing to the merchants not producing the price lists earlier, and

(iii) that the duty is levied at 2% ad Valorem under Govt Progs Nos 11188-95 and 11784-92 Cus 239 Cus 83 97 dated 22nd Jany 1891 and 19th Jan 1898 respectively, and that there seems to be no authority for excluding from the total value of the goods, Cost of packing materials and ropes, and discount for purposes of taxation although the Sardar Wadja alleges in his statement recorded before the Amildar that these are excluded by other Municipalities, and

(iv) that the necessity for an Octroi Katta in the town is great and that necessary provision in the Budget has been made and orders will be soon passed after receipt of the Estimate which is under preparation.

3. Octroi on piece goods being an ad Valorem duty, it is submitted that the packing charges should not be deducted or added on to the value of the

goods in calculating the net amount that it is ~~doubtful whether~~ a question for decision whether trade discount allowed to merchants should be excluded in assessing the value of goods for purposes of taxation in

In continuation of the above Communication and with reference to this Office Memo No 11314 & the LH 3694 27th March 1903, the President solicits sanction to the appointment of a whole time Mutsaddy on Rs 10/- a month to look after the Octroi work in the Sakleshpur Municipality instead of the present incumbent ~~looking after Octroi and Ca~~ doing both the Octroi and Cattle-Pound Collection duties which inconveniences the merchants a great deal; and proposes to entrust the Cattle-pound to the Patel or some other person ~~who~~ on payment of the usual Commission out of the pound Collections.

The average income from Octroi is about Rs 1800 a year and the pay of the Mutsaddy is within 10% of the income.

For want of sanction the provision of Rs 120/- made by the President in the current year's budget of Sakleshpur on account of the pay of the Octroi Mutsaddy was reduced to the usual provision of

of Rs 60/. If the President's proposal is sanctioned, the deficiency viz Rs 60/. has to be met by a re appropriation and if this be not possible, a supplemental Grant has to be sanctioned. There is a closing balance of Rs 4923. which is more than the estimated income for the current year viz Rs 3,860.

There is sufficient provision under "XI Misc – Cattle Pound" for paying commission to the Pound Keeper. The commission is calculated at 10 per cent on the pound receipts, whereas 20 p.c es the authorized

Sir,

Adverting to Government official memorandum No. 4 L.S.G.-94 Dated 18th July 1902, and subsequent meetings called for the purpose of discussing the Malgi and other merchants of Halleshwar respecting the encroachments carried on by the Municipality of a temporary character established

in the Sadkhospur Municipality I have the honor to state as follows:—

1— Only one hand on Rs 10/ per mensem is available for the duties of Peteri Mutsuddi & watchman. Keeper of the Cattle pound, at Sadkhospur, Rupees five only being allotted for each Post.—

2— This combination of duties is undoubtedly very inconvenient and I shall take every step to separate the two functions.—

3— As regards the question of demurrage it is reported by the Amildar that it is owing to delay on the part of the Merchants to produce the price lists, that demurrage has to be paid by them and that detention from 15 to 20 days is an exaggeration though

I am &c

I write it might occur in our instances owing to the delay in the introduction of these lots —

It is necessary for an Order to be in the Tariff Year. Necessary provision in the Budget has been made and order will be soon issued with receipt of the Estimate which is under preparation.

In reply to your D.O. No 3 and 4 of the petition under reply Steel to state that the advalorem duty of 2½ per cent is being levied on all imported goods under the authority of Government Press

Circular

Calculating the value of foods and hence that is also taken into account. —

6 — . The Sub-Division Officer who was asked to report in the matter suggests that a full time Mutsuddi on Rs 12/ would be desirable / Copy of his letter is hereto submitted for reference)

As Sahlerpur is malud and as the municipality has an annual income amounting to Rs 1000, it can well afford to employ a mutsuddi and it is likely that by the employment of a separate Mutsuddi the Octroi income will increase

7 —— I don't see any reason why the Collection of the village should not be given the Pound Collection work as well, receiving his usual Commission as the employment of a separate man might be expensive

8 — — Regarding this and the supple-

requisition of a separate Municipality,
I will again make a reference to
Government at an early date

the Abaue, has the honor to forward in original Manjarabad Amildar's report No 107 with its enclosures on the subject, and to state that in reply to the 1st point in the petition the Amildar reports that as one individual is both Octroi mutsaddi and Cattle-pound-keeper of the Saklespur town (drawing Rs 5/- per mensem for each post, viz, Rs 10/- as monthly salary) it often happens that he is required for duty in one capacity when he is attending to his duty in the other capacity, having no cattle-pound peon to aid him, that it would be convenient if a whole-time mutsaddi be sanctioned for octroi collection and other Municipal Work (as is the case in other Municipalities) a separate man being appointed as the Pound-Keeper, that separate building as an octroi Katte for depositing dutiable goods and collecting dues is necessary. and an Estimate for the same is under preparation for sanction and putting in hand after the Rainy Season is over On the 2nd point the Amildar replies that when the piece goods are received the merchants are required to produce

their

their price-lists, which if they produce without delay duty is recovered from them and the adhesive-seal stamped on the goods for removal to their shops of the merchants; but they sometimes delay ~~delay~~ to produce their price-lists necessitating charge of demurrage on their bales. Regarding the 3d and 4th points the Assistant Collector submits that adhesive duty is levied on piece-goods of even Mysore productions as per Government Proceedings No. 1178 dated 19th March 1898, and that duty is levied at 2 per cent on the total value of the piece goods without allowing any discount of Rs 2 to 5 per cent which petitioners maintain, should be deducted as trade discount including cost of packing materials and ropes. This is not provided for in the Government Proceedings although petitioner Sundar Mallyee alleges in his

Sir,

In continuation of my letter No 36/S127 dated 9th January 1903 reporting on the inconvenience arising from the combination of duties of pound keeper and Petroi Muttadi in one person in the Saklespur Municipality, I have honor to submit herewith a Statement showing the income of the Municipality under

under the head Octroi during the 4 years from 1898-99 to 1901-02. It will be seen from the Statement that the average Octroi income of the Municipality is more than Rs 1800/ per year and — great — inconvenience results from the fact that the Muttaddy will be called away by duty at the Pound while engaged in the work of Octroi collection and the Merchants of the town have had to complain of this as they did recently to Government The Sub Division Officer Saklespur is also of opinion that a full time — Octroi Muttaddy is very desirable and considering that Saklespur is a malnad place suggests a pay of Rs 12/ per month be given to the Muttaddy As the present incumbent has been doing the duties of Pound Keeper also in addition to his work as Octroi Muttaddy drawing monthly Rs 10/ his work will be lessened by

by being relieved of the work in connection with the pound, and we may therefore conveniently take up employment at Saklespur as Octroi Muttaddy on the same pay. By this arrangement a separate hand will have to be appointed for the pound work and this may be entrusted to the Patel or some other hand the usual commission being allowed to him for the work and this does not entail any extra cost to the municipality inasmuch as the average annual receipts from the "Pound" amounts to Rs 600/ and the Commission payable to him would not at any rate exceed Rs 60 per year which is not more than what the Octroi Muttaddy is now getting for pound work.

I beg to add that provision has been made in the ensuing year's Budget of the Saklespur Municipality for an Octroi Muttaddy on Rs 10/- per month as

as also for the commission and feeding charges payable for a separate pound-Keeper.

Under the above circumstances, I request you to be so good as to obtain the sanction of Government to the entertainment of an octroi Mutsaddy on Rs 10/- and to the provision made in the Budget for the same and for the Commission and feeding charges to the pound-Keeper. It may be stated also that provision has been made in the ensuing year's Budget for the construction of an octroi Katte. I shall shortly submit an estimate for the building for the sanction of Government.
